EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dennis Smid (Registration Number 34930) on 28 October 2004, 24 November 2004, 06 December 2004 and voicemail received on 10 December 2004.

The application has been amended as follows:

Claims 1, 3, 6 – 13, 15 and 27 – 35 have been cancelled.

Claims 16 – 22 and 36 are pending for examination.

Claim 16 has been amended as follows:

16. A sales activity management method for selling an information processing apparatus from an apparatus manufacturer to a user, and selling information contents available at the information processing apparatus from the information provider to the user, comprising the steps of:

managing manufacture of said information processing apparatus; and selling said information processing apparatus to a user at the sales price less than manufacturer's desired selling price of said apparatus manufacturer;

providing available information contents at said information processing apparatus; and then;

collecting in a provision management terminal a charge based upon at least content sale information according to sales of said information contents provided to said user available at said information processing apparatus; and

^{sales}
~~Sales~~ Activity Management Apparatus setting an amount of money to be remitted to said apparatus manufacturer based at least upon said content sales information and as collected by said provision management terminal as compensation information according to a for difference between manufacturer's desired selling price and actual sales selling price of said information processing apparatus.

After the examiner's amendment, Claim 16 will read as:

16. A sales activity management method for selling an information processing apparatus from an apparatus manufacturer to a user, and selling information contents available at the information processing apparatus from the information provider to the user, comprising the steps of:

- managing manufacture of said information processing apparatus, and selling said information processing apparatus to a user at the sales price less than manufacturer's desired selling price of said apparatus manufacturer;
- providing available information contents at said information processing apparatus;
- collecting in a provision management terminal a charge based upon at least content sale information according to sales of said information contents provided to said user available at said information processing apparatus; and
- Sales Activity Management Apparatus setting an amount of money to be remitted to said apparatus manufacturer based at least upon said content sales information collected by said provision management terminal as compensation for difference between manufacturer's desired selling price and actual sales price of said information processing apparatus.
